Updated August 2021

Logistics, Transportation & Parking (LTP) provides free transit service for travel around and between campuses. The system was redesigned for the start of the Fall 2020.

Riders are expected to follow safety measures in place.

This guide provides detailed transit information, including route maps, days of operations, hours of service and frequency.

U-M campus routes provide frequent service connecting classroom buildings, residence halls and commuter parking lots. Michigan Medicine routes are specifically designed for staff, patients and visitors of the Medical Center.

Taking the Bus

What safety measures are currently in place?

A number of measures are currently in place, including:

- Riders are required to wear a face covering
- An optimized transit network to reduce duration of trips
- Enhanced cleaning and disinfection

Where can I find bus schedule information?

Bus schedules and live tracking information can be found online at ltp.umich.edu. You can plan your ride using the Google transit widget found there, or go to transit.google.com.

How do I catch the bus?

It's easy! Just wait at a posted bus stop sign for the bus to arrive. If you are inside a shelter, please exit as the bus approaches to make yourself more visible to the driver. University buses are free—no fees or ID cards are required to ride.

How do I get off the bus?

When you're ready to deboard, just pull the cord above the window to signal the driver. Signal about a block before your stop and wait for the bus to come to a complete stop before exiting.

What can I carry on board?

Please secure all items in your lap or between the seats. You can place items in the seat next to you, but please give up that extra seat if someone needs to sit down.

What is not allowed?

Certain items and behaviors are not allowed on any transit vehicle:

- Open alcoholic beverages of any kind
- Drugs or any other controlled

substances (transporting or consuming)

- Hazardous materials or potentially hazardous materials (see Bio Research Shuttle on pg. 2 for information regarding transporting bio-research materials)
- Unfolded strollers
- Bicycles
- Any item that cannot be stowed outside the aisle or that takes up seat space
- Any item that compromises safety or access for other riders
- Skateboards, inline skates and foldable bikes/scooters may be carried aboard but must be stored outside the aisle. These items may not take up seats
- Pets are not allowed on U-M buses, except for Service Animals that meet the ADA definition, which are always welcome
- No eating on the bus

How safe are the buses?

The bus system is an integral part of the campus safety network and emergency response plan. After dark, it's always safer to ride the bus than to walk alone. Bus drivers have direct contact with the Division of Public Safety and Security. Buses are equipped with first aid kits and fire extinguishers.

What if I lose something on the bus?

Call 734-764-7475 or email transit-lost-found@umich.edu to see if it's been turned in. Please turn in found articles to your bus driver.
