

Mcard and System Card Access

Your Mcard or System Access Card has been programmed to activate the entry and exit gates at gate-controlled faculty/staff parking. Please take a few minutes to review the information below to familiarize yourself with the operation of the gate control system.

Gate Activation: Upon pulling up to the gate, run your Mcard through the card reader. Some readers require that you insert your card; others are swipe activation. Upon reading your Mcard, the gate will open. **Please ensure that every time you enter or exit the garage, even if the gate is up, you use your Mcard. Every use requires a corresponding “in” and “out”. Failure to use your card, even if the gates are up, will cause issues the next time you utilize the permit.**

Access Problems: If for any reason your card does not activate the gates, call the Gate Assistance Line at (734) 763-5555.

Lost or stolen permits need to be brought to the attention of Parking Customer Services. If this instance were to occur, please stop by one of our customer service offices for a replacement permit.

There are a number of locations in which you are able to utilize your Mcard or system card. Please reference the table below for locations:
