

Objective

Outline the policy regarding late returns of motor pool vehicles at the University of Michigan (U-M).

Policy

1. U-M vehicles shall be returned by the time stated on the vehicle reservation form.
2. If the vehicle is returned after the stated time, there will be a charge equal to two days rental for the vehicle for every day it is late.
3. If you know that you are running late and may not have the vehicle returned by the stated time, contact Fleet Services at (734) 764-3427 to make arrangements. In most cases we are able to extend the rental period with no penalty.
